1D, amplitude norm.
3D, amplitude norm.
3D, energy norm.
field at $t = 0$ (normalized)
space-time (Eq. ST1d)
single frequency
space-time: $\frac{3}{4}[\mathrm{Si}(U) + j_1(U)]/U$
single freq.: $\frac{3}{2}(j_0 - j_1/U)$
space-time, ω^2-weighted
single frequency
$\omega_{\max} x/(\pi c)$
$U/\pi = \omega_{\max} \rho/(\pi c)$
U/π
